Bob's Message

A lot has been happening around CA2Q. Several people have new bikes! There have been a lot of trips taken with many safe and enjoyable miles passing under the wheels of CA2Q Goldwings. Congratulations to Mike & Debbie Pendergast on the arrival of their 2003 Candy Red GL1800. Also, the same to Chris Carter for the acquisition of his Silver 2003 GL1800. Congratulations to Margie Massar for having the good taste to return to her beautiful blue Goldwing after a momentary slip into VTX ownership. Allan & Kay Freebody have their GL1500 back from its stay in the Wingnut hospital getting some of the plastic replaced. I'm enjoying becoming familiar with the GL1500 which I purchased from Mike & Debbie.

We also have a number of new members. It's always exciting to see new faces at the meetings and it's even more exciting to see the new faces become friends as they return time after time. I'd like to welcome the folks who are new to Chapter CA2Q and to GWRRA including: Bill & Linda Andrews, Jim Christian, Dale Croy, and Victor Smith.

The Mascot Game is over. We staged our final raid on Sunday July 28 when we visited CA2K in Fairfield. We had an excellent turnout with 15 members of CA2Q participating helping us to earn our final batch of points for the game. I thank all the people who participated in the game during the past seven months. I know I have had a lot of fun with it, and I believe others have as well. Thanks especially to Allan Freebody who has been responsible for planning and organizing most of the raids.

The District Rally is coming up August 30 – September 1 in Foster City at the Crown Plaza Hotel & Resort. There is a flyer elsewhere in this newsletter that you can use to pre-register. We are responsible for the Chapter Cup Competition on Saturday starting at Noon. Contact Jacque Foster (jfgoldwing@attbi.com) or 925-829-3747 for information and to sign up to help.

Let's Ride!

Bob Hole

California News & Views

With the District Rally getting closer there is one more thing to bring to your attention. Every Chapter that has a member competing in the Best Dressed Competition must provide one judge. The judges will score every participant except the entries from their Chapter. This includes any type of entry whether it is for Chapter, Couple or Individual. Chapter Directors were notified about this change last December.

The rules and scoring criteria for these competitions are available on the District Website at www.gwrra-ca.org. I encourage all of you to consider entering this competition at the Rally in Foster City. It is a great way to have FUN and get to know new people. The more you get involved, the more fun you will have.

One of the things that District Staff is always working on is the creation of new chapters. One of the areas where I have had numerous contacts about the need for a chapter is the Sacramento area. Until a few months ago all the contacts indicated there should be a chapter there but no one was interested in doing the work required to start a chapter.

In March we had a member in the Sacramento area step forward and volunteer to try and start a new chapter. After many telephone calls and letters mailed a meeting was held on June 30th and by the time this article is published in your newsletter we probably will have a new chapter established in our State Capitol. The couple doing all this work is Vasilios & Cyndie Kalaitzidis. We congratulate them for stepping forward to take up this challenge.

The Chapter designation will be "C" for Capitol. As of June 30th there are 28 members interested in seeing this Chapter come into existence. When this process has developed enough I hope all of you will come out and support Chapter "C" at their Kick-Off celebration.

California Wingers are Pure Gold

Jim & Pat Moynagh

A Message from Jim:

I would like to get the word out to our members about how to sign up for First Aid and CPR Training at this year's District Rally. This training will be under the Medic First Aid program so both the First Aid & CPR will be good for 2 years.

All that I need mailed to me is:

- * A note giving the names of the member or members requesting the training.
- * A check payable to GWRRA CA Dist.
- * The check should cover the non-refundable fee of \$20.00 for each person attending.

The class will be taught at the District Rally in Foster City on Saturday August 31st from 10:00 AM to 5:00 PM (or earlier if finished).

Direct any questions to me.

Cheers, *Jim*

August Rider Education

I have to admit that I am using an article that I found the Region F web page. They call it Body in Motion, and it deals with loss of traction, cornering, braking and more. Read on and I hope this will help you with the forces that work with us and against us on a motorcycle.

Mike

A Body in Motion

By John Del Santo

There are enough laws written to fill a million courthouses: “Don’t do this. Don’t ride there. Don’t do that...” But there are certain laws that a good rider knows should never be violated. These laws are: Friction, momentum, Centrifugal Force, and Gravity. A rider won’t get a ticket for breaking these laws, but they will end up in a ditch.

Friction, or traction, is the one that keeps you stuck to the road. The first step in maintaining traction is a good set of tires with proper inflation. If the pressure is too low or high, the tire will start to lose traction. A bike with poor traction will start to go sideways in a curve, take longer to stop, and tend to swerve during a hard braking maneuver. Sounds like some kind of a carnival ride, doesn’t it?

When you’re approaching a curve, is your speed low enough coming in? How far can you see into the curve? Is there gravel on the road of a stopped car just around the bend? Is there some dope coming toward you, passing or hanging over the yellow line? Does the curve get tighter halfway through? Is it an older road that is not banked, or worse yet, banked the wrong way? Hit your brakes in there, and it’s adios traction and hello centrifugal force! If you need to brake hard in a curve, you need to brake through it in a straight line. If you must brake hard, and your rear wheel locks up, LEAVE IT LOCKED! If you release a skidding rear tire, you will create a severe change of balance, which will cause a sudden loss of control, and a high-side crash. This will flip you off the bike, and wherever you land, your bike will land there a moment later.

When on slippery roads, anything that changes the smooth flow of your forward momentum can cause the bike to head off in a direction you did not intend. Easy acceleration and smooth steering are necessary here.

Braking is negative acceleration, and acceleration is the square of your velocity. If you double your speed, you’ll need almost four times the distance to stop. Triple your speed, and you’ll need almost NINE TIMES the braking distance. Following distance is like money; you’ll never have too much, but if you have a little less than you need, you’re in trouble.

Isaac Newton said it first, “Gravity Sucks!” Respect the laws of Physics, and you will go a long way toward keeping the shiny side up.

Newlyweds

Congratulations to CA2Q members Dennis and Beverly Wagner who were married on June 22 and honeymooned on their Wing.

Photos from the Parking Lot Practice

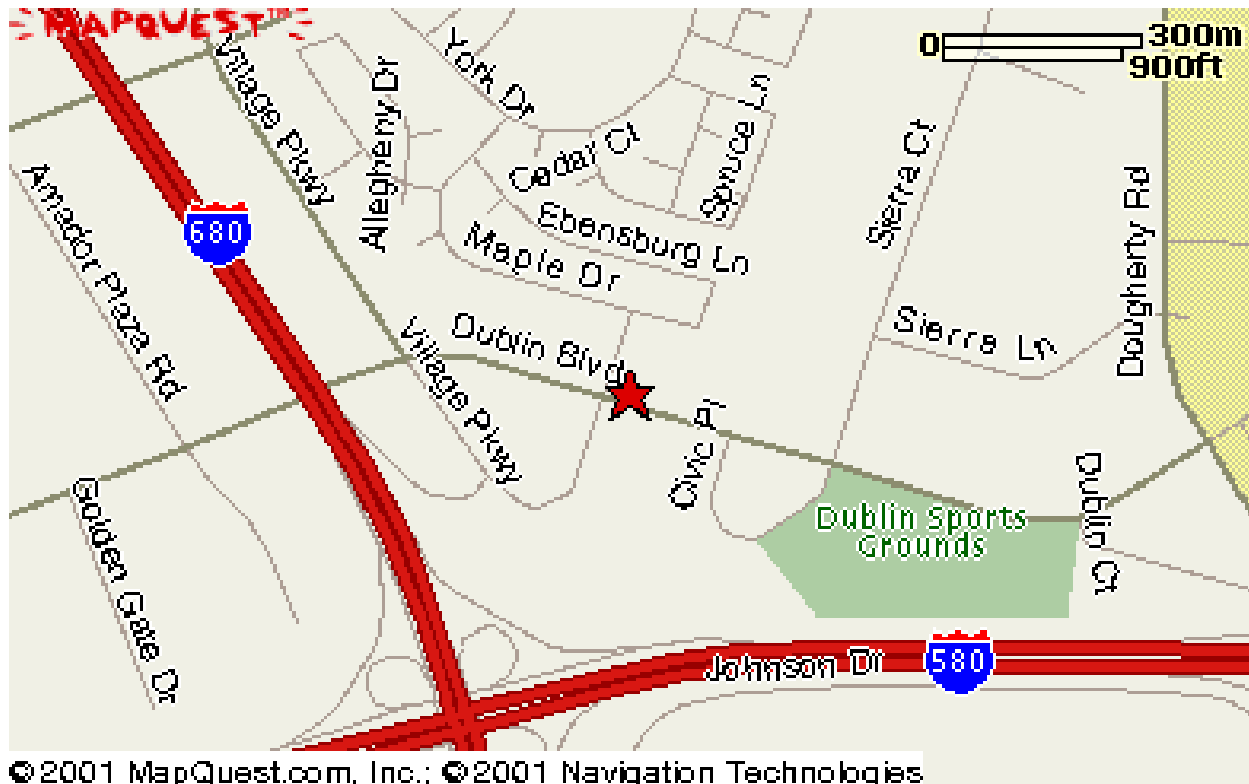

Chapter CA2Q meets on the 3rd Saturday of each month at 8:30 am.

Location: Athens Burger Restaurant, 6999 Dublin blvd. Dublin, Ca 94568, 925-803-8135.

Directions: From hwy 580 exit at the Foothill/San Ramon Valley Blvd. exit. Take the San Ramon Valley Blvd choice. This will put you heading North on San Ramon Valley Blvd. Turn right at the first traffic light, which is Dublin Blvd. Head East on Dublin Blvd for about 1 mile Athens Burger Restaurant is about 2 blocks past Village Pkwy on the left hand side.

GWRRA 2003 Honda Gold Wing GL 1800 Great Giveaway!

All new members of GWRRA with a join date between January 1, 2002 and December 31, 2002, are “automatically” entered into the GWRRA GL 1800 Great Giveaway. Existing members of GWRRA who have been credited with recruiting a new membership in 2002 are “automatically” entered in the GWRRA GL 1800 Great Giveaway at the rate of one entry per “membership” recruited during the specified time frames.

“Automatic” entries based on paid membership only. The Join Now Pay Later program may be used for recruiting efforts or as a way to join GWRRA; however, dues must be paid by December 31, 2002, to qualify as an “automatic” entry into the drawing.

**In addition...all recruiting credits still apply to the Reward Program!
Recruit 3 new memberships and receive your next renewal for FREE.**
