## **Bob's Message**

OK, the pressure is really on. This is my last CD's message for the newsletter and it should be a memorable one filled with towering words of wisdom. Right? Well, here goes.

Allan is going to need your help in the weeks and months to come. If you haven't had an ongoing job in the chapter in the past six months, volunteer for one of the following positions in the chapter.

**Assistant Chapter Director** – A position Allan Freebody has held for the past two years.

**Tour Director** – A position I have held for the past four years.

**Chapter Store Keeper** – A position Kathee Ballard has held for the past nine years.

**Phone Tree Coordinator** – Currently vacant

If you just can't manage to make this much of a commitment, offer your services for special projects.

Plan a special ride or event. You can have fun and there are rewards, just ask Jacqui Foster, she does it well.

Write an article for the newsletter. It's a kick to see your words in print and you'll make Doug Elmer's job easier.

All the people doing jobs for the chapter are volunteers. If you don't like the way things are going, don't complain. Step up and offer to do a better job.

Thanks to the following folks. The chapter couldn't have functioned as well without the work and inspiration you contributed during the past two years.

Kathee Ballard, Carol Edgren, Doug Elmer, Allan Freebody, Kay Freebody, Jacqui Foster, Lisa Kappenberger, Reiner Kappenberger, Mark Kratz, Debbie Pendergast, Mike Pendergast, Bobbie Rubin, Dick Rubin, Bob Shelton

For the most part I've had a pretty good time for the past two years being your Chapter Director, but there are parts of the job that were a real pain in my iron butt.

*Let's Ride!*

***Bob Hole***

## Message from the District F Director

We are always amazed at the great response to good ideas. Last month's article was such an example. Many of you contacted us to say how excited you were to try some of them. The great thing about GWRRA is that it changes lives for the better. You learn about how people think and believe when they work or play. GWRRA becomes a very high priority to most members and we gain an emotional tie to a family bond. This bond is built on friendship, rewarding experiences, and sharing an accomplishment with people who you have found a common sphere of influence with. In simple terms you have built a friendship, and respect the relationship you have found with others. It is this friendship, which builds chapters. Friends stay together because they have mutual respect for each other and their ideas and desires. We do not always have to have are way but can work to a common goal sharing or helping our friends reach the excitement of success. Do we always have to lead the ride or be a tail gunner? Is it not the coach, teacher and mentor in all of us who enjoys watching others succeed? Someone taught you how to speak, write and act. Oddly enough you are the product of many people. Therein lies the true beauty of GWRRA. The new member gets to learn from everyone's experience. Is that not what each chapter needs to survive?

Many NEW things are going to happen at the District Rally. We will have a theme this year. Your officers picked it at the officer's meeting in January. It is a Tropical Island theme. Castaways, Beach Boys, Gilligan's Island, Palm trees, Grass skirts, and Hawaiian shirts are only a few of the ideas for the rally. Think for a moment of a talent show skit out of these ideas. The Professor and Mary Ann, Tom Hanks and Wilson talking on a beach. Grass skirts with coconuts as support garments. I know with all the imagination in this state where we could go with those thoughts. Maybe Gilligan doing a Rider Ed class for the Skipper and Mr. Howell.

In addition Fred Rau, Editor of Motorcycle Consumer News and Nick Hopper, Editor of Wing World, will be there to do seminars and enter into "The Motorcycle Magazine Shootout." The WWF of magazine editors. Who is the best, who wins the debate? Well come and see what the argument is all about. Our Assistant District Directors have some more changes, which they will be telling you about. Ask them to tell you about the new ROAD Kill game.

We have been out visiting chapters. CA2G was very hospitable. They took us to the longest covered bridge in California. It was a very fun day with fun people. Thank you Linda and Larry and Chapter CA2G. We rode down to CA2U on Sunday via the 49'er highway. What a great meeting Bill Davis and CA2U puts on. They went and saw a play and were planning the best trip to Laughlin I have seen in awhile.

Chapter CA2J with Mike and Debbie Gregory at the helm changed their meeting date. They almost tripled the attendance at the meeting. Good job!! One person said they had upwards of 60 people there. WOW. Watch out CA1Q, CA1R, and CA1F. CA2J is movin' on up with the big boys. Can't wait to see what happens at District Rally with the new kids in town!

We enjoy visiting with all of you and making new friends.

Sincerely,

Rick and Sandy  
California District Directors

## What to pack on a motorcycle trip?

If you are an experienced tour rider, you probably have your own system or may have learned through some trial and error on what and how to pack for a motorcycle trip. If you are not that experienced or even if you are, it is good to know that you will be prepared, so your trip will be more enjoyable and less stressful. Even on a well-planned trip, I always second guess myself as I pull out of the driveway, wondering if I have everything. If you use some of the following tips and guidelines, you'll have everything you need to make your trips more enjoyable.

I copied most of this from an article I found on the web. It includes a packing list and a link, so you can download and print the list. Read on, pack your bike and let's ride!

*Mark Kratz*

*CA2Q Chapter Educator*

Here's How:

1. Create a packing list of everything you want to take and where it will be placed on the bike. See Related Feature below.
2. Depending on the bike, you'll need saddlebags, a tail pack, possibly a tank bag, and at least 3 bungee cords.
3. Clothes should be tightly rolled up to assume the smallest space.
4. Use the packing list to place items in the various storage areas. Include your jacket as a storage area.
5. Evenly distribute the load on the left and right sides. Weigh the bags on a scale.
6. Don't put too much weight on the back of the bike. See your owner's manual for limits.
7. After all necessities are loaded, place your rain gear somewhere on top of the bike secured by bungee cords. You don't want to have to unpack when it starts to rain.
8. Double check your list to ensure that everything is on-board.
9. Place the packing list in your jacket or other readily available spot.
10. Have a great trip!

Tips:

1. Use removable bags in your saddlebags to be able to easily move the contents from your bike to a motel or campsite.
2. Always place items you don't want to get wet in plastic zip-type bags.

3. Try to keep items you need on the road in a place where they can be easily accessed.
