Allan's Musings

Well here we go for the first ever message in this exclusive little publication.

As you all know, after two years as CD, Bob has stepped down and left a hole, which somebody had to fill. The bad news is that somebody is yours truly.

Firstly, I wish to thank Bob on behalf of the entire chapter for the hard work and tireless effort he has made on behalf of all of us. Bob has grown the chapter more than any other chapter in the state. He has also organized ALL the rides in that time (and prior to becoming CD.) Bob certainly will not be an easy act to follow.

Bob has also stepped down as the Tour Director, so we are looking to the members to step forward and take that position. I believe that within the chapter all of us can come up with at least one ride or place to visit following the chapter meeting. Kay and I thought having a "Tour Director of the Month" would be a fun idea. Anyone with a favorite ride, place, or event can share it with us all. That will leave the person who fills the job to organize all the other rides, which will be offered, as chapter events on the non-meeting weekends.

We are also looking forward to somebody coming forward and offering their services as Assistant CD. I have one person so far, but would like to have another to take some of the load away from just two people.

As for the outlook for the next 2 years (or until I get fired), I look forward to more new members joining the chapter and the return of some of the older members who for what ever reason have dropped out of the scene to return and share their knowledge and friendship again. I also look forward to the emphasis being more on couples being active within the chapter even more than they already are. Together we can have even more fun and enjoyment of our chosen recreational pastime.

As most of you are aware the chapter Memorial Day ride has been organized, thanks to Bob Tobin and Kay for their efforts. We will be heading to Klamath Falls, OR. We will depart on May 23rd spend 24th, 25th in Klamath Falls and Crater Lake and return Monday May 26th. We have arranged the accommodations and Bob Tobin assures me will have a "ball" with the rides he is organizing. If you can attend please contact Kay or myself and we will be happy to supply any and all necessary information. I believe that at this time only half of the reserved accommodations have been taken, so don't be shy and come out to play.

Also, the Mike Pendergast Memorial Poker Ride is rapidly approaching. Debbie has a handle on most items that are going to be required, but nonetheless we will again be putting out the call to members to circulate the information and assist wherever you may be needed. This is a fantastic cause and reason to ride. We all knew and loved Mike and his dedication to Ride for Kids was second to none. Let's kick this one up a notch and make it a superb event.

Well I have bored the crap out of you enough so I will bid you all safe riding and as a family let's have fun!

Allan

Message from the District F Director

A View from all sides

Well taxes are due and of course how many of us were late? I always keep track by CA1Y's Tax Ride. I know when I send my registration in it is time to do the taxes. I am burning the midnight oil to get them done. I hope you're having better luck than I am. This years Tax Ride will be wonderful. We got a preview when we spent some time with CA1L a few weeks ago and WOW. What an after chapter meeting ride. Green, yellow, poppy orange and blue the hills were alive with color. In fact Sandy and I started singing "The Hills Are Alive with the Sound of Music." Yes the ride captain told us to pipe down since we were out of key. It was a great ride. Many of our upper California rides will be outstanding as the rain and spring bring the true spirit of motorcycling out in all of us. There is nothing like looking at the hills full of color or the forest passing by when we're are on the "Wing."

Many of you may not know that we have lost several members this year for a variety of reasons. Chapter CA1Q has been especially hit hard. Sam, Jack, and Al will be truly missed by all of us. I started thinking about this last month when I was talking about friends and relationships, which develop in our chapter. Loosing Mike Pendergast of CA2Q and Kay Zabler of CA1F, Andrea McGuire of CA1M and the three tremendous men I mentioned before, just struck a cord I guess.(Forgive me if I forgot someone) It made me think to live life a little better, to appreciate my friends all over the state of California, give a better hug when I see them, and keep kind thoughts to all our members throughout the GWRRA world. All the ones we lost were members of our fraternal chapter.

A Big **Thank You** to the California Gold Angels. They have been all over the state giving training, PLP's and Top Gun courses. Everyone who I have spoken to tells of something they have learned or picked up a technique which has helped their riding skill. In this same vain we will be announcing soon the school of "Train the Trainers." This will bring us closer to our goal of providing a weekend CRP, First aid and ERC class. The District is sending Hank Herrera to a school in Washington to become a certified ERC Trike instructor.

I was thrilled by the flyer CA2A put out for the June 2, 2003 event. Carnival, Magic and a Sock Hop. I love the imagination of all of our members. This sounds like a great time. I wonder if the New Chapter Directors Bill and Rene Johnson know what a sock hop is? I keep hearing all these great ideas coming and then they blossom. I keep thinking of the Nike commercial' "Just Do IT" and you are. I think there will be several surprises in store for you all in the coming months.

Lets wish Lou and Laura Rick's the best luck at Region Rally in Albuquerque, New Mexico. They compete in May. Right now there are 80 of you who are going. The District is handling registration and if you could donate a couple of hours while you're there we would really appreciate it.

One of the NEWEST things is you may now register online for the California District Rally. Go to the District web page and take advantage of it. It is fast and simple. OH!! and Make sure to get your 2 for 1 tickets for the \$1,000 DOLLAR giveaway. I can tell you this is one rally you will never forget.

In Memory of our Friends we have lost.

Sincerely,

Rick and Sandy

Success is obtained by many steps. But it is only attained one step at a time.

Motorcycle Rider Review

Okay folks! Here is a little quiz to test your riding knowledge skills. Have fun and be safe.

Mark Kratz, CA2Q Chapter Educator

Instructions: Pick the best answer. If you miss more than three, you should consider going to an advanced rider course to review you skills. The answer sheet is on last page of newsletter.

1. An off-highway motorcycle:

- Performs well on public streets and highways.
- Has turn signals and mirrors.
- Primarily is used for off-highway recreation and competition

2. Before risks can be managed, a rider must:

- Develop superior riding skills.
- Consider the consequences of actions.
- Wear the minimum protective gear.

3. To have a margin of safety means to:

- Keep a 12 second following distance.
- Create time and space.
- Ride where there is little traffic.

4. The primary function of helmet is to:

- Increase visibility.
- Keep warm on cooler days.
- Protect the head and brain.

5. Which of the following stickers indicates a helmet manufactured to meet federal requirements?

- DOT
- AMA
- USA

6. Good advice for cold weather riding is to:

- Dress in layers.
- Wear bulky gloves.
- Wear clothing with lots of zippers.

7. A good way to remember the pre-ride inspection checklist is to think:

- Tires, wheels, engine.
- T-CLOCS.
- Parts and controls.

8. The throttle is:

- The right handgrip.
- Operated by the right foot.
- Used in a wrist-up position.

9. The clutch lever is used to:

- Connect power from the engine to the rear wheel.
- Increase brake pressure to the rear tire.
- Initiate a low-speed turn.

10. The shift pattern on a motorcycle is:

- Different for each motorcycle.
- Indicated in the instrument cluster.
- Set up to shift to higher gears by lifting the gearshift lever.

11. A way to remember the engine start procedure is:

- T-CLOCS
- Thumb/Key/Throttle
- FINE-C

12. Most of a motorcycle's stopping power is related to its:

- Front brake.
- Clutch lever.
- Engine displacement.

13. A motorcyclist generally divides a road lane into:

- Halves
- Thirds.
- Quarters.

14. The recommended distance to look ahead to identify hazards is:

- As far as you can see.
- 12 seconds.
- The 2-second following distance.

15. A proper technique for going over an obstacle is:

- Brake while crossing the obstacle.
- Speed up prior to crossing the obstacle.
- Rise off the seat
