Chapter Director's Message

It's been great to see the high turnout for our monthly meetings this year at our new meeting location at Mimi's, and I have been especially pleased that we have also had more members and visitors join us on the Chapter rides following the meeting. Personally, I love to ride my Wing, so in the last 3 ½ years there have been very few Chapter rides where I have missed out on the fun and enjoyment they always seem to provide. In March, we had a great time visiting the Western Railway Museum just north of Rio Vista and I have to say Mark Kratz picked a winner of a restaurant when he chose Fosters Big Horn. Great food and one the most amazing collections of mounted wild animal trophies I have ever seen.

This coming month (April 15th) is our annual ride up to Yosemite National Park and in my opinion one of the best and most spectacular day rides we do throughout the year. Of course, Yosemite is wonderful any day of the year and I usually get up to the park a least 6 or more times a year, but in April there is always snow on the mountain tops and the waterfalls are at their peak so for me the Park never has more beauty than when I see it during this annual ride. I hope everyone will make plans to join us on this ride that Bill Andrews is planning as it promises to be both a fantastic ride on some great roads, an opportunity to take some spectacular photos of one the truly unique areas in all the world, and of course a fun day with all of the ride participants.

We still have other great rides and places to visit that we want to do in the months ahead so I would welcome volunteers for planning a future chapter ride follow the meeting. We are fortunate to live in one of the most unique places in the world for some fun trips riding a motorcycle, so the choices are almost endless. Let me know what places you want to visit and rides you want to take so we can plan a future chapter ride.

A special welcome to our guests at the March meeting, Debbie Perreira who came with Mark Kratz, Ray Dodson and his daughter Katie, and Susan and Gary Pierce. Ray, Susan and Gary have already indicated to me they will be joining us for the April Ride to Yosemite so I was pleased to hear that good news.

Until we see each other again, ride safe and I hope each day is a good one for you.

Dale Croy
Chapter Director

P.S. Below are some of the photos from our March Chapter ride to the Western Railway Museum and Foster's Bighorn Restaurant.

P.S.S. If you look closely at the last photo and the lower right hand corner, you can see Bob Hole's attempt to join the animals on the wall. Lookin Good Bob!!

Golden State Gems

I know I've mentioned that time has really been flying lately and by the time you read this, Rick and I will have celebrated our 34th anniversary. Yikes! How did that happen? It seems like only a few years ago that we were getting hitched and towing a U-Haul trailer containing all our possessions from Phoenix to San Antonio to start our lives together. Rick didn't even own a car (his Honda 750 was in the trailer), so we had to use my 61 Ford Falcon. Rick had just gotten out of Air Force basic training and 3 days later we were married. I was only 18 and Rick was 19. Just babies, but what the heck, we were in love and that was all that mattered. By the way, he had hair back then and was quite a cutie. If you don't believe it, I carry a picture with me, so ask me to prove it next time you see me. But, don't tell him I said that, it might give him a big head. ☺

We didn't know we were poor, but Rick only made \$250/mo as an Airman and I stayed home playing housewife in our \$125/mo trailer. I'm not saying we were trailer trash, but we didn't even have a phone and had to go down to the local FedCo and use our spare quarters to phone home. We soon made our first major purchase of a puppy for \$20. Our Gertie was rather unusual looking and some people asked us where we got the goat. Someone actually said "You paid money for that?" Oh well, we loved her and even though she ended up living with my Mom her last years, she was always special. Our first (and only) assignment was to March AFB in Riverside, CA and we bought our first home there in 1976 for \$20,500. It sounds like a ridiculous amount now, but we were in shock that we owed that much money. Now you can hardly buy a car for that much.

Boy, was that a trip down memory lane or what? I guess I should talk about some GWRRA stuff now, huh? Hopefully nobody fell asleep...

The Riding season is really getting started now and I just got back from CA1Rs 'Rally In The Valley' in Mesquite, NV. I didn't win any prizes or money, but we still have two sets of tires in the garage from last year, so that's OK. The attendance of 301 wingers was spectacular. Some states don't have District Rallies that large! The rally was great and they had quite a few vendors, but the ride home was BAD! It took us over 10 hours to get back. Oh well, at least it didn't rain so it could have been worse.

Although it wasn't a riding event, CA1M had a bake sale recently as their fund raiser. If it doesn't sound like a bake sale could be much of a fund raiser, you've never seen the bidding frenzy over one of JoAnne Britton's rum cakes. One thing that was really a hoot is that CA1K had me bidding for them by holding up a paddle with K-Crow on it while on the phone with them. Let's just say that I sent a large box of goodies to them via USPS and they owed the chapter over \$300 by the time it was over. CA1N did their part to support the chapter by spending \$220 for a home made apple pie. There is a picture on CA1M's web site of James Pratt licking the expensive crumbs out of the empty pie dish.

I guess that's all for now. Until we meet again: Ride safe, live each day to its fullest and don't look back.

CA-1R's Rally in the Valley – Ride Report by Jim Smith

I had been toying with the idea of attending the Rally in the Valley for several months, and as is what is becoming my 'norm', I procrastinated until the last minute. I was able to get a room at the hotel and registered for the event on March 1st. I'm really glad I was able to make this event.

Day one – the ride down to Mesquite. There is really nothing to report about the ride down 99 to 58, or the ride across the desert to I-15. The ride up I-15 through Las Vegas and Baker was un-eventful, with the exception of once again being able to complain about the gas prices in Baker. Everything there seems to be more expensive. I arrived in Mesquite on the 23rd at 3:30, just as the rally organizers were also showing up. Pretty good timing! I got checked into the hotel and found that the room was quite comfortable with a sliding glass door, and a little patio with a table and chairs to relax on. Got the bike all unloaded and was heading back out about 4:00 to clean it up, when I see a familiar GL1500 Blue Trike in the check in area, and two familiar blue suited riders next to it. Rich and Linda

the Eureka Casino to check it out, and to see what was in the offing for food. They had a Mexican Buffet that was pretty good, and was very reasonably priced. By the time we finished eating and were walking back to the hotel we could tell that quite a few more riders had shown up, I counted a little over 30 in the lot.

Day two – First full rally day. Up reasonably early and met Rich and

Linda for breakfast – had to try the chicken fried steak and eggs, boy that gravy on the steak should have it's own food group. There was so much food I couldn't begin to eat it all. After Breakfast we got ourselves registered – that whole process was very smooth and well organized.

he didn't mention was that US-91 was poorly signed, and that the through the Virgin River Gorge. WOW! That was some eye scenery. I had heard of the Virgin River Gorge before, but had the opportunity of riding it. I had to capture at least some of the on my digital. Rich can tell you all about how much fun it is

follow a rider taking pictures throttle hand ☺ we made it into George we

a ride up from St. 15. What I-15 went popping never had scenery trying to who is with his . Once St. stopped

and asked for directions to US-91. No one seemed to know anything about that highway, so we bought a map hoping to find it, no luck. So we decided to try a ride through Snow Canyon Park. We navigated through town and eventually wound up at the pay gate to the park. I asked the duty ranger if she could direct us to US-91 and of course she could! We were about 3 miles away from it and we were soon tooling our way down this well maintained, albeit rough highway heading back toward Mesquite.

This historic two lane highway winds its way over the hills outside of St. George back down to I-15 just a few miles North of Mesquite. Mile after mile of sagebrush and lots of Joshua Trees along the road. We were back at the Hotel by lunch time.

Not being one to let a ride opportunity slip by Rich suggested that we head south for an afternoon with the “Valley of Fire State Park”. We weren’t the only ones interested in doing that ride and followed a group until we missed our turnoff and had to backtrack a ways. By the time we were back on the right road we were by ourselves. The Valley of Fire is Nevada’s oldest St. Park located 50 miles North of Las Vegas, or about 30 mikes South of Mesquite, The park consists of red sandstone bluffs and sand dunes. It’s claim to fame also resides in its ancient Indian petroglyphs. Everything you ever wanted to know about this beautiful spot can be found here:

<http://www.desertusa.com/nvval/> . We spent a lot of time riding through the park. There was so much to see and I made the comment that because there was so much to see I could see how easy it would be

to miss one of the curves and find

yourself “off roading” – as indeed happened to a Harley rider. We exited the part at its South entrance and headed back to the hotel, arriving about 5:15. I checked with the registration folks and found out that our illustrious Mr. Hole had arrived a short time earlier and was looking for us. There was indeed a message on my phone from him indicating that he would like to try and find something to eat around 6:00. Rich Linda and I met him at 6:00 in the lobby and headed down to the Casino for a little food --- NOT. Everything was packed. We wouldn’t be able to get in to anyplace until after 9:00. So we trekked back up to the hotel and called for pizza delivery. We sat around and chatted and ate pizza till about 8:30 when I headed back to my room for

some quality shut eye time. The last two days had been excellent!

Day 3 – Second full day of the Rally. We all decided that we wanted to be “Wheels up” at 8:30 for the Poker Run. Bob, Rich and Linda met and had breakfast -- me, well I

slept in a little bit and had a bottle of water and a Payday candy bar – (the Breakfast of long distance riders ☺). Anyway, we met at 8:30 and were on the road.. We wound up taking the same basic route back to St. George as we did the day before, only in

reverse – this time from I-15 up to St. George via US-91. When we got to the next to the last checkpoint (The last one being back at the hotel) Bob suggested a ride up to the Kolab Canyon in Zion National Park. None of us had ever been there, so we all agreed. Bob led the way and after a brisk 53 mile ride up I-15 we found ourselves in the red topped parking lot for Kolab Canyon. The fee for day use of the canyon is \$5.00. The ride up to the top is 5.3 miles and worth every penny of the fee. This was another Eye Popping scenic adventure. We made it back to the hotel about 2:00 for a little bit of free time before the big bash dinner at 6:00.

We met in Bob's room at 5:15 and headed over to the casino for the B-B-Q dinner. The food was good and the company was only a little rowdy. I won two T-shirts to add to my collection. I was in Bed by 9:00 as I wanted to be on the road by 6:00 in the morning.

Day 4 – The long ride home. I don't often do 6 – 7 hundred mile days, but have on occasion. This was one of those occasions. I left at 6:00 (just minutes behind Bob), rode without incident to Baker where I took my first break, then continued on to Mojave for a late breakfast. The ride from Baker to Mojave felt like the longest stretch, as the traffic in, and South out of Las Vegas was really intense. Most were following the speed limit, but there were some that felt the desert and I-15 deserved their special triple digit driving ability, and their amazing skill at passing on the right. I really enjoy the ride over 58. Every time I'm on that road I see something I missed before, and the sweepers are a real blast to ride on a nice dry day like Sunday was. I continued on 58 into Buttonwillow, and then picked up I-5 for the last 280 miles or so home.

Great ride, a little over 1700 GPS miles in 4 days of riding. Good people, Great Scenery. If you didn't go but were thinking about going let me encourage you to put it on your calendar for next year. This is a fun, well attended, and organized event that supports the Southern California chapters and there are some really Sterling rides in the area.

All my best folks! Get out there and Ride -- Safe.
Jim ☺

“Not your typical rally”, you have heard us say. Well, the 2006 Region “F” and Nevada District combined Rally in Elko, is just that. We are departing from the traditional all seminar-filled rally with more things designed for socializing and just plain having fun. There will be individual events and events that require the teamwork of a chapter. Of course, we will have more than enough classes and seminars to keep you busy for the three-day rally. We will be conducting the ERC classes and MFA/CPR seminars for those members who need to keep their Rider Education Levels current. But, we are concentrating on those fun-filled activities that will make for a lot of fun while in Elko.

Why, Elko??? Well, there are a lot of things to see and do in Elko. Elko is a 5,000 foot-high city with a population of 35,000. The average temperature for Memorial Day weekend is 70 degrees. And the routes you will be traveling to get there are very scenic, too. U.S. 93 from Kingman, AZ to Wells, NV is a very pretty and scenic route over Hoover Dam, the Great Basin Highway, a Pony Express Station, etc. I-80 from Salt Lake City, UT is through some very pretty areas of the Ruby Mountain range. I-80 from Reno has several mountain peaks visible in the distance making for a very scenic and enjoyable ride, too.

Some attractions in the Elko area are: Northeastern Nevada Museum, California Trail, Newmont Mining Company tours, Western Folk Life Center, 35 restaurants, Elko Junction Shopping Center and East End Mall, Wal-Mart, as well as downtown shopping.

There are several scenic rides available within a 100-mile radius from Elko. They include Owyhee, NV, Lamoille Canyon, Harrison Pass, Angel Lake, Metropolis, NV, Tuscarora, NV, and I-80 east to Wells, NV and then U.S. Hwy 93 north from Wells, NV toward Twin Falls, ID. These are more than enough to keep you busy during the three-day celebration.

Remember, this is your Region. This rally is for you, the member, and it will only be successful if you are there. This is a combined Nevada District Rally and Region “F” Rally. Come see what changes we have made—we think you will be happy with them. We made these improvements because you asked for a different agenda. We need your support to make this rally a success.

We will see you there.
