Chapter Director's Message

August has been a month of quite a bit of motorcycle traveling for CA2Q members (probably not unlike other months throughout the year), with members criss-crossing the United States and Canada. I was wondering the other day how many states were visited by our members just recently and I have to imagine it was quite a few. IMO, there is certainly nothing as enjoyable as traveling for a few days, or many, on a well planned trip on your Wing, most especially if you are going to visit some of our more scenic states with some of their amazing geography.

I, myself, had a wonderful trip back to Minnesota and got to see some of the best sites that Idaho, Wyoming, South Dakota, North Dakota, Montana and Minnesota had to offer (even Nevada has something to offer on the return trip along Hwy 225). Since my trip was also during Sturgis (which I didn't go to, but got very close), there were literally thousands of motorcycles and riders on the road. For me, probably the most difficult time I had was seeing the vast majority of motorcyclists without helmets and the minimalist of any protective gear. It just wasn't something that I personally enjoy seeing and I am more than ever before an advocate of proper motorcycle gear along with a good helmet for everyone riding the bike.

Of course, the one time when I might have been able to make my point about the need to wear good protection was on my return trip where I was proceeding west adjacent to Theodore Roosevelt National Park. The temperature was 93 degrees (which was the warmest weather I saw my entire trip), and it suddenly decreased down to about 79 or 80 degrees. I could see that I was rapidly approaching one big dark rain cloud that was dropping rain, but I assumed it was just going to give me and my mesh gear a refreshing cooling down. No sooner when the rain began, but it started the hail. The hail kept getting heavier and also bigger. Soon, some of the hail got so large that when it hit my helmet it was really exploding loudly, and if it hit the top of my hands (that had some heavy mesh gloves on), it really did hurt. Unfortunately, there were no overpasses in site so all that I could do was pull over off the road and try to protect myself as best I could. At that point I looked for some of those helmet-less motorcycle riders, since I knew they could be seriously injured if any of the large hailstones hit their unprotected heads, but amazingly there was a single motorcycle rider around or within eyesight. Luckily, after another few minutes the hail stopped and my concern about potentially getting into any kind of danger was over. Here is a photo of how large the hail falling got to that afternoon:

For those of you that could not make it to the Chapter BBQ on August 26th at the Pereira Deer Ranch in Martinez, you really missed a fun event. The Pereira Deer Ranch is simply beautiful, the food was delicious and we even had some terrific music played by some outside guests that were invited. We had a great sing a long and I know that everyone had a wonderful time. A special thank you to the Sciacqua's and the entire BBQ committee for all of your hard work getting the site ready along with your planning. It was a great evening for everyone who participated, and hopefully we can do it again another day soon.

Here are a few more shots of my recent trip and specifically the area around Beartooth Pass, one of my favorite motorcycle areas.

Until we see each other again, please ride safe. Keep Mark Radtke in your thoughts and prayers with the loss of his wife Debi. Mark informed me yesterday during the District Rally in Santa Clara that he was doing better, but still has his up and down days, so I know he appreciates the support we can give him now and in the weeks and months ahead. He indicated he will be heading back on his black Goldwing to Mississippi to see some friends and family, but that he will join us at the September Meeting. I hope we can have a large group of members at our next meeting to welcome him and show our support and interest.

Golden State Gems

California District Gold Golden State Gems - September 2006

Greetings and Salutations friends. This is going to be a short article this month as we are all as busy as one armed paper hangers getting ready for the 2006 District Rally in Santa Clara. By the time you read this, it will be history and next month we will tell you all about it. Obviously, it's too late to ask you to attend, but we are sure everyone had a good time. How could you not? We (mostly Rick) spent a small fortune at Oriental Trading Company to support the Mardi Gras theme. If we have lots of beads left over, you might be seeing them at your chapter meetings until they are gone. Or, don't be surprised to see people in your chapter who did attend, come back festooned with a neck full of beads. Festooned? When is the last time you heard anybody use that in a sentence? Oh well, you know what I mean...

There is one small bit of actual business we need to tell you about. We have been told by GW headquarters that the next edition of the Gold Book will only include members who have opted to include their phone numbers. The reasoning behind this is that the Gold Book has always been intended as a resource for members. If you don't give us your phone number, you can't very well expect anybody to ring you up for help can you? That being said, please consider changing your profile with headquarters to include your phone number and any services you might be willing to provide. You can see what kind of adventures other members have had using the Gold Book every month in Wing World. Why would you want to exclude yourself from this kind of fun? OK, enough of that.

Last, but not least, we have decided to step down as District Directors at the end of this year. This has been a difficult decision since Rick and I have been having lots of fun running the 'Queendom', but it's time to take a break. Believe it or not, we have some NON GW friends out there and they miss us. We have spent virtually all of our vacation time for the past 10 years on GWRRA events and we're looking forward to some down time. We'll see if that actually happens. Anita and JR have already started scheming about how they can continue to lure us out on the road once they have taken over the reigns.

It looks like that's all for now. Until we meet again: Ride safe, live each day to its fullest and don't look back.

Joyce and Rick Elmore, California District Directors

Denver 2006 Ride Report by Bill & Linda Andrews

This ride was planned around the second annual IBA National Meet held in Denver on August 17th, 18th, & 19th. The trip was expanded to include the Grand Teton & Yellowstone National Parks and points in between.

Day 1 Saturday 8/12/06

Linda & I rode 832 Miles from Livermore to Idaho Falls, ID; 832 miles. We left at 4:40 AM and arrived about 7 PM MDT. Stayed at Super 8 Motel in Idaho Falls. Dinner at Chevy's. *Linda: The ride was enjoyable. I must admit to napping a lot of the way. The weather was great and the scenery beautiful.*

Day 2 Sunday 8/13/06

Left the Super 8 Motel in Idaho Falls about 6:30 AM. Refueled in Jackson Hole, then proceeded to Grand Teton NP. Arrived at the southern entrance about 9 AM. Spent several hours there, taking pictures and enjoying the views, then proceeded north to Yellowstone NP. Saw Old Faithful do its thing at 3 PM. While licking down a double sized sugar cone full of soft serve ice cream. What a challenge trying not to let the ice cream melt down the side of the cone while keeping one eye out for the inevitable explosion of the geyser. Linda spotted the first of several moose in Yellowstone. We left Yellowstone for the day about 5 PM and arrived at the Livingston Super 8 at about 6 PM. Dinner at Clark's family restaurant; not a good choice. Miles for the day: 314.

Linda: Yellowstone Park is huge. The roads were a little rough but the scenery fantastic. We definitely do not recommend Clark's restaurant, pretty mediocre food.

Tetons

Day 3 Monday 8/14/06

Spent the day touring Yellowstone. Saw and took pictures of geysers, deer, elk, moose. No bears. Miles for the day 266. *Linda: The thermal pools are eerily beautiful and threatening. One would think that the water would be therapeutic as the mineral baths in Calistoga are, but the park warns you to not touch the thermal water that goes directly into creeks or cool pools, as it may contain harmful bacteria and Legionnaires Disease! On the way out of the park, back to the motel we saw two large herds of Bison. In the herd closest to the road maybe 100 feet from us, a very large bull was vocalizing and keeping a female very close at all times. You definitely would not have wanted to be anywhere close to him. There were many calves, some looking only a few days old. Dinner at Fiesta n Jalisco was excellent.*

Old Faithful

Day 4 Tuesday 8/15/06

Left Super 8 at 6:30 AM. Traveled through Yellowstone and then out the East Gate. Lots of road construction. In order to stay off the Interstate as much as possible, we took US14/US14Alt then US 16, then I-25, then US26 toward Fort Laramie. We arrived in Guernsey, WY at about 8 PM as a thunderstorm threatened. Miles for the day: 612. *Linda: As we entered Hayden Valley this morning, we had two wolves cross the road very close in front of us. I tried to get a photo but they were shy and ran into the brush below the road. We saw more Bison. I was fortunate enough to get some really good views a momma and baby moose and later a bull moose, two females and two calves! The road didn't allow for quick stops, and they were elusive, taking off into the protection of the forest. Road construction made the travel out of the park slow but we did get to enjoy the beautiful scenery up close! Lightening and threatening clouds entertained us as we headed to Ft. Laramie. We spent the night in the cutest place, The Bunkhouse Motel. The place was clean and creatively decorated in a western theme. The owner was a nice man, retired from the US Treasury Dept. He collects antiques and has a real flair for making a place homey and comfortable. I had the best sleep there since we left home. I recommend this place if ever you find yourself in Guernsey or near by.*

Day 5 Wednesday 8/16/06

Left the Bunkhouse Motel at 7:30 AM. Arrived at Fort Laramie NM at 7:50. After taking lots of pictures, we left Fort Laramie NM at 9 AM heading for Scotts Bluff. Arrived Scotts Bluff at about 10 AM. Stayed about one hour – more photos. Headed for Northeast entrance to Rocky Mountain NP. Arrived RMNP at 3 PM and stayed about 1 hour. We arrived at the Kappenberger's home at about 5 PM. It was shortly after this that we learn of the terrible death of Uncle Bud Yates. He died while riding on the five-day Spank Rally.

Linda: Ft. Laramie NM was nice. I always find it interesting to see how settlers and soldiers lived in these remote and physically challenging places. Interesting fact...Ft. Laramie got its name from a French-Canadian explorer/trapper, John La Ramee. We Americans can sure screw up pronunciations. Scotts Bluff a cool ride up to the top going around and around the bluff through tunnels. Not too much there really.

Day 6 Thursday 8/17/06

Reiner and I left his home at 6 AM. For the next three days we rode to and from each of the IBA meeting dates. We arrived at the Sheridan Hotel in Colorado Springs about 7:30 AM for planned IBA ride to points unknown. Left the parking lot at 8:30 and headed for Pikes Peak. Pikes Peak is 14100 Feet elevation. My bike turned into steam engine about ¼ mile from the peak. Then we went down CR-77. What a great ride! Then went to ride through Guenella Pass; pot holes, wash board, gravel, rocks, then add a water truck to make the road nice and slick. A few bikes and riders were worse for wear. Went back to Marriott Hotel in Denver at 2:30 PM. Met a lot of the folks from the IBA there; Bob Hole among them. Barbeque at 7:30.

<http://rides.webshots.com/album/553513479jYrrXD>

Linda: Lisa and I had a relaxing day touring Boulder, CO, lunching and shopping. I love Boulder's great old downtown area, part of which is blocked off from cars with a piazza like atmosphere, very California actually, with outdoor dining, seating, fountains for kids to slash in, great shops and restaurants! Miles for Days: 332.2

Day 7 Friday 8/18/06

Seminars and the Denver Marriott Hotel and then dinner. Miles for the day: 54.6

Linda: More shopping and lunch. It was a rough day! ☺

Day 8 Saturday 8/19/06

More Seminars, then the banquet. Rained about 3" that day but we were inside all day. Back to Kappenberger's at about 9:30 PM. Under duress from Linda and the Kappenbergers, I signed up for the [Northwest Passage Rally](#). Miles for day: 58.0 *Linda: Rain kept Lisa and me at home, feeling tired and gloomy, but the sun came out at noon. We headed to Iron Flat Mall for an alfresco lunch the second day in a row at a yummy Mexican restaurant! We had a great evening with Reiner and Lisa, staying up late talking about rides to come and reminiscing.*

Day 9 Sunday 8/20/06

We said our goodbyes and left about 6:15 AM. Stopped in Rawlins, WY for gas. I heard chirping noise coming from the bike somewhere but very faint. Stopped in Coalville, UT for gas three hours later. Chirping getting louder. Put bike on center stand and spun front wheel. No sign of problem. Down the road about 1 hundred more miles, pulled into Grass Mountain Rest Stop at mile 54 on westbound I-80 in Utah. Spun wheel. Now a definite problem. Called Honda roadside service at 4 PM. We were picked up about 7 PM and dropped off at Steadman's in Tooele, UT at about 8 PM. Noted that Steadman's would be open at 9 AM Monday morning. Rode seven tenths of a mile to Best Western for the night. Miles on GPS for the day: 653.5. Fifty-two of these miles were on tow truck. *Linda: This is when having a calm disposition and just going with the flow really counts. With four of us in the cab of the tow truck, the ride back to Tooele, with me sitting on Bill's lap, was just a little cramped! The young man in the middle got to hold our helmets!*

Our Goldwing is towed to Steadman's in Tooele, UT

Twins at Steadman's (The bike on the lift belongs to Chris Shafer)

Day 10 Monday 8/21/06

Left the Best Western Motel at 8:40 and arrived at Steadman's Recreation, Inc. at 8:45 AM. The gate slid open promptly at 9 o'clock. After waiting my turn (one Goldwing tire change ahead of me), the mechanics diagnosed the problem as being a front wheel bearing. With great effort, they managed to get the old bearing out. They did have a replacement bearing set and installed it in the right side of the wheel. While I was waiting, I made a new friend, Chris Shafer. He was the guy who was getting a tire changed ahead of me. We will be seeing him at Chiliburger in October or at least that's the plan. I departed Steadman's at about 12:30 PM. Linda and I loaded up our gear at the motel and left about 1:30 PM. With no further completions, we arrived home at 11:40 PM. Miles for the day: 732.5 Total trip miles: 4200. *Linda: We were thrilled that the really nice people at Steadman's could help us get back on our way. With the help of a diet Coke, I was able to stay awake for the entire ride, looking out for deer and keeping Bill company. Despite the bike problem, this was a great ride!! Yellowstone is amazing and good times with friends are treasures that make me always thankful. Thanks again Bill for a wonderful tour!*
